Financial Education & Coaching

Individual Coaching + Workshops

Meet one-on-one with a licensed financial counselor, or attend one of our workshops to learn about:

- + Money management & budgeting strategies
- + Debt-to-Income (DTI) Ratios
- + Developing individualized action plans

Credit Improvement

Review your credit report with a licensed counselor, and improve your credit by:

- + Creating day-to-day financial strategies
- + Learning what is important to creditors
- + Identifying ways to dispute inaccurate items on your credit report

Debt Management Program

Our licensed counselors develop consolidated payment programs with lower interest rates and distribute one monthly payment to all creditors.

No minimum amount of debt is required. Not all debt types qualify.

Student Debt Solutions

Whether you are preparing for college or you currently have student loans, our licensed counselors assess your budget, loans, employment, and financial goals to determine the best option for you.

Individual appointments and workshops are available.
